Design Roland Meyer-Brühl

add1•• can be used to create airy groups of sofas and armchairs or arranged in a row, dynamically curved suites and much more. Ideal also for public areas such as lounges, foyers, practices or hotels. The individually customisable system makes it possible to create needs-oriented seating solutions that can be extended at any time. Fabric covers in fresh colours or sophisticated leather covers as well as optional table units or armrests add unique design accents. Uncomplicated and flexible, add1•• brings people together, creates calm zones or promotes social interaction – and is also comfortable, timeless and durable. With its minimalist, carefully considered design language throughout, add1•• is suitable for any interior and can also be positioned anywhere in the room.
