Kati Meyer-Brühl

For unconventional, individually customised interiors: the sofa embrace features two different arm- and backrest designs; this is a piece of seating furniture that is rich in accents, as well as exceedingly comfortable. One backrest is slightly curved and can be raised by 20cm, the other is straight and lowerable.

Both mechanisms are activated at the push of a button. The armrests are also asymmetrical. Top left, a corner arrangement consisting of a longchair and an add-on sofa, completed by an armchair with a backrest that can be raised and a stool. A bench, optionally available with a movable table, is also available.
