NOMINEE

A multi-award winning design, pioneering in sustainability terms, sensitive and innovative: mosspink's softly layered, removable backrests – which can be configured individually – were inspired by pebbles worn smooth by the sea. The seat base with an integrated sprung core is exceptionally comfortable. Removable and renewable covers ensure mosspink's longevity. Bottom: Sofa with an additional semi-circular rest element on the right-hand side.

mospink flow

Design Kati Meyer-Brühl

The sculptural mospink flow radiates softness, quiet elegance and harmony. Covers in different colours or with differing textures add additional accents to the organic design. The backrest, which can be adjusted from a completely

horizontal to a vertical position, makes it possible to vary the seat depth and positions and can be taken off for use as a bed. The covers are removable.
